TVK12Q

B/W 12 QUAD CCTV KIT - TVK12Q

B/W CCTV kit composed by one 12" monitor with built-in cyclic switcher and quad processor, one compact camera, bracket and 20m connection cable. It allows for connection of max. 4 alarmed cameras, choosing between simultaneous (2x2) or sequential display with programmable scanning time. It is suitable in all the cases when an easy-to-install system is required, together with an evolved and flexible visualisation of the pictures. Out of production.
