

KM8100MXW

FUORI PRODUZIONE

One way video kit - KM8100MXW

One way video kit composed by Matrix door station and Compact KM8100W internal station. It is an elegant, robust and easy-to-mount product. Thanks to the Matrix door station all the features as door speaker, orientable camera and name plate with call button are in only one unit. Timer and power supply features are guaranteed by only one unit making the mounting, planning and cabling even easier. Of great advantage is the availability of three function keys placed on the monitor
