KIT 1MCAB

FUORI PRODUZIONE

Kit myCom Alba3G flush mounting -KIT1MCAB

Kit 1MCAB includes all necessary material for the installation, flush mounting, of a door panel 3G/GSM up to 4 calls. Articles inside are AB3G door panel, SC1 back box and PRS210 power supply together with AB61 and AB71 front and module frames and AB20 and 2 pcs AB21. It requires a nano SIM only, to make calls by using GSM net. Door panel can be further extended by using button CT2138AB modules or digital keypad PD2100AB module, up to max 200 calls. Each call button can be associated to up to 3 different phone numbers to be called in sequence. The item is provided with 2 relays that can be activated independentely and 2 inputs that can be used as alarm, o for other functions. CLIP function allows to activate one of the relays by sending the call to the door panel. The item can be programmed through the web **cloud** interface, through **app** or by connecting to a PC and using a software that can be downloaded free from the website, or through text command via SMS. Out of production.
